

**Art Lab
CMA Education Department
Outcome Worksheet**

Description of Program/Experience:

Art Lab is a high school service learning initiative, a program where teens experiment with technology to create educational resources for our permanent collection and special exhibitions. Creating video podcasts, students make connections between art, the school's curriculum, and their lives.

Program goals:

1. To engage high school students in exciting ways of looking at art
2. To engage teens in real life experiences around artwork
3. To utilize technology as a mode of experiencing and understanding art

Desired outcomes:

1. Students will create a museum quality podcast
2. Students will gain a deeper understanding of how to use art as a primary source document
3. Students will understand how to read a work of art
4. Students will have a greater appreciation and excitement for the museum
