WONDERBALL 2018 IMPACT

Thanks to the generous sponsors and attendees,
the 2018 Wonderball raised over \$175,000 to help
support a variety of CMA programs for learners of
all ages, inspiring creativity, curiosity, and wonder.

Summer Art Workshop

I wholeheartedly believe that helping my children experience art is providing them with a need almost as basic as food or water. They need to see art, hear art, feel art and make art to grow their creativity, which is crucial to their lifelong well-being and success.

Teen Open Studio

You don't have to be better than anyone here—you can just be you, it's not competitive. I realized there are other places than home where you can feel safe—I feel safe here.

Wonder School

It is an extraordinary experience unlike no other. This experience will truly be something I will remember for the rest of my life. The Wonder School is so unique and one of a kind—I will never accept a job anywhere because TWS has set my standards so high. The things we are teaching these kiddos are SO important and will set them up for the rest of their life.
