

We are committed to providing high quality, engaging, and practical educator professional development workshops. Listed below are our most popular offerings. If you do not see the perfect offering for your teachers, please contact us and we will work with you to build a specialized workshop to meet your specific needs.

**Pick Your Location:**

- At the Museum
  - Amenities
    - Complementary Coffee & Tea
    - Access to galleries and Center for Creativity
- In your School

**Choose Your Topic:**

1. An Introduction to 21<sup>st</sup> Century Skills  
This workshop will introduce 21<sup>st</sup> century skills framework while building a case as to why these skills are essential, and will provide special focus on art's necessary role in fostering creativity. Includes presentation, activities and discussion.
2. Creativity Workshop  
Spend time understanding how we generate creative ideas then engage in hands on activities that demonstrate how we can teach for creativity.
3. Critical Thinking  
This workshop includes time in our galleries to learn and engage in critical thinking strategies. Educators will be introduced to strategies that have been researched and proven to foster critical thinking in students. Poster provided.
4. Dialogue in 21<sup>st</sup> Century Skills  
Being able to clearly communicate and collaborate with others is crucial. This workshop will focus on strategies that increase communication and collaboration.
5. Studio Immersion  
In this experience, participants will work with a contemporary artist to problem solve, experiment and create a work of art. Projects could range from video and photography to multimedia and installation art. The goal is to foster the type of thinking embodied by artists including the generation of ideas, trans-disciplinary research, and experimental execution. Time will be provided for

idea development and play, framing open-ended outcomes, and especially for exploring risk, persistence, and failure.
